

Away-from-Home Kits

Grab and go kits are a necessity for each family member to keep at home, but most of us spend many hours away at school, at the office, or commuting between home and our activities. An emergency can happen at any time, and being prepared means having the right supplies with us wherever we may be. Below are items to consider having in your vehicle. See [Get a Kit](#) for more suggestions about how to assemble your emergency kits. For more information and additional resources, visit utah.gov/beready.

- Comfortable walking/running shoes
- Extra clothing (appropriate for the season/climate)
- Jumper cables, road flares, and a reflective triangle
- A car maintenance toolkit containing an ice scraper, a tire jack, wrenches, a tow cable, engine oil, etc.
- Food and water to last 72 hours
- Cell phone/battery charger
- First aid kit
- Small shovel
- Copies of important identification and insurance papers
- Cat litter (to spread under tires to help improve traction)
- A small amount of money
- Poncho or raincoat
